then announced potentially Friday. As noted below, the list of health restrictions they were going to list included vax mandates.

Ford also urged us to cancel vax mandates for federal sectors, including at the border (and specifically for truckers). He also suggested that all travel restrictions (I think he meant advisories) be ended.

They also spoke specifically about concerns with the situation at the Ambassador Bridge. They didn't discuss the tri-partite table with Ottawa.

I'd also note I have a call with the Governor of Michigan's chief tomorrow (it's a regular call regarding the Gordie Howe Bridge project). I assume he will raise the situation at the bridge as well and am happy to report back on it.
